

PROJECT MID EVALUATION CRITERIA

Project Mentors shall evaluate the project groups based on the criteria mentioned below in Table 1. Note that evaluation should be there for individual students of the corresponding group. The evaluation shall focus on the work completed up to the date of the Mid Evaluation and the effectiveness of the processes adopted by the team.

Table 1 Mid evaluation Criteria

Sr. No.	Criteria	Description	Marks
1	Quality Assurance Practices	a) Adherence to coding standards and naming conventions. b) Use of version control for source code and project documents. c) Maintenance of project documentation and change records.	5
